

Oils & Acrylics
at Stable Studio
With Ronald Swanwick FRSA

This workshop is for all abilities and will cover representational and abstract painting. I will spend the evening session describing and demonstrating the various properties and versatilities of the two mediums. You can then decide what you want to try first and I will set you up with all the materials you need to start first thing next day. You will be able to tackle your chosen subject from life if practical or from photos.

**All materials, lunch, tea and coffee will be provided.
The maximum number on this break will be six.**
